Signs & Wonders

A Beginner's Guide to the Miracles of Jesus

by Amy-Jill Levine

“There is never any single “right” way of reading a text. Each encounter with the same words may spark new ideas that we didn’t see coming. Amazing. Each discussion of the same text may create new insights that challenge old views. Each person, every group, will find something new. Miracles may be all around us, depending on our perspectives.”

-AJ Levine
