Out of the Question

April 21 – July 7, 2024

Some teachers answer questions. Others question the answers. But for Jesus, the answers to some of our biggest problems often came out of the questions he asked us.

While Jesus is generally thought of as giving a lot of answers, he was actually full of really important questions. According to the Gospels, Jesus asked 307 questions. In contrast, he directly answered only three of the 183 questions he was ever asked. In this series, we'll explore some of the most challenging questions Jesus ever asked—and, along the way, discover that the answers we search for are often revealed in the very questions themselves.
